AGUSTA

~~AW109~~

GrandNew

Experience,
elevated.

On board an Agusta helicopter, you stand out from the crowd. Innovation, top-class performance, tailored solutions make every flight a pleasure. Elevate your desire for distinction into a vertical flight dimension. Move your world with the hallmark of excellence, every day.

Style meets comfort.

— Imagine a moment dedicated to yourself. Feel at ease, in total relaxation and comfort, in a sophisticated environment where every detail goes beyond your expectations: refined materials, climate control, soundproof cabin, luxurious space. Let your imagination fly. The AW109 GrandNew sets the benchmark for private and executive helicopter owners.

Move your world.

We know time is precious. And your free time is always special. Agusta helps you to savour every moment safely, comfortably and in style. The AW109 GrandNew is the fastest helicopter in its class. Its streamlined, sleek design is fused with a well-appointed, stylish interior to provide an exceptional flying experience whether you are travelling for business or leisure. Advanced avionics ensure the highest safety and performance levels.

See further.

Explore fresh horizons. The AW109 GrandNew integrates a wealth of technologies that take its operational capability to an unmatched level. Advanced satellite navigation technology enables the helicopter to fly in all weather conditions, guiding in-flight procedures and making approach operations safer and easier. State-of-the-art safety and situational awareness features give pilots the complete operational picture.

Exceptional cabin flexibility.

Sit back and enjoy the elegant and quiet interior of the AW109 GrandNew. The bright and comfortable cabin is finished with the finest interior trims and benefits from the helicopter's excellent soundproofing system which makes for a relaxing and luxurious flight. Stay connected with the satellite phone system or simply relax and watch a movie or listen to music. Select from a variety of configurations ranging from a four-seat to a six-seat design.

FIVE STAR INTERIOR

4 passengers on comfortable seats.
Options up to 5 seats.

ELITE INTERIOR

5 passengers on comfortable seats.

CORPORATE INTERIOR

6 passengers on comfortable seats.

Make it truly yours.

Your helicopter represents who you are: stylish, sophisticated and unique. It's a one-of-a-kind perfect machine, thanks to our experienced design team who will advise on the best match of features and high-quality furnishings. The result is a sumptuous blend of craftsmanship and innovative technology.

Choose colours, materials, finishings. Create the perfect environment with mood lighting. Every detail will be brought to life with the finest Italian craftsmanship to reflect your personal style.

Go anywhere.

Your life is hectic and demanding. So, it's reassuring to know that the AW109 GrandNew gives you the flexibility to go anywhere: from the smallest landing sites to the congested skies around city centres. Exceptional performance characteristics ensure safe flight even in poor weather or during single-engine operations.

Always ready to fly.

Our Customer Support, Services & Training team is always by your side. An extensive network of service centres offers support anytime and anywhere: at every stage of your customer journey with us. From maintenance and delivery of spares to integrated training services delivered at our Academies or virtually; cutting-edge solutions to make your flight planning activities and data analysis easier, through to live and virtual support services. We're constantly innovating to offer you the best support: flexible and tailored to meet your exact needs.
